Hi Arthur congratulations , Epsen Hernandez from Publimetro,a week ago you arrived as a young prospect and now you are a champion. What does this mean for your career? It is a big change, honestly, last final in the Challenger 2 weeks ago and I thought , I can't lose another final so I focused on this new tournament.

Hi Alex from Record Mexico, when people look back at your career so you think everything changes?

I think everybody will remember because it's my first title and I will always remember it.

Hi Arthur Jaime Sandoval from Grupo Radio Centro

What moved you to do that speech to your family? How important is your family to you in your life and why did you prioritize it? Because they supported me even when it was hard, when I had ups and downs, and even when I didn't have a coach, so it's not only my family but my friends, my fitness coach who stood beside me and to everybody who is with me.
